ABOUT ME

Driven and detail-oriented professional transitioning into Front-End Development, skilled in JavaScript, HTML, CSS, and Bootstrap. My testing experience gives me a unique advantage - I build with quality in mind from day one. I'm eager to contribute my creativity and technical skills to a forward-thinking team.

WORK EXPERIENCE

Crescoworks, QA - Software Tester

Sep 2024 - May 2025

- Performed Sanity Testing, Unit Testing, Regression Testing on ATS and Career Portal applications.
- Used Excel-based Automation Scripts to test the Workflows, JBPM flows and end-to-end flow of the Application.
- Investigated and logged defects by analyzing system logs in WinSCP, collaborating with developers for issue resolution.

PROJECTS

Real time website testing (Spicejet) - User Interface Testing.

Technologies : Selenium, Core Java

- Conducted User Interface (UI) Testing to ensure design consistency and responsiveness.
- Verified navigation, forms, buttons, and interactive elements for usability.
- Performed cross-browser testing to check compatibility across Chrome, Firefox, and Edge.

Portfolio - Personal Portfolio Website

Technologies : HTML, CSS, JavaScript

- Build a responsive portfolio website using HTML, CSS and JavaScript.
- Implemented custom CSS styling and interactive JavaScript features for an engaging user experience.
- Hosted and maintained the website on GitHub pages.

Landing Page Website - Animal Wellness and Services

Technologies : HTML, CSS, Bootstrap

- Developed a mobile-first landing page using HTML and Bootstrap grid system for layout Structuring.
- Incorporated bootstrap components such as navigation bar, cards and maintaining a consistent visual style.
